With an experienced team, fully trained and equipped to tackle the most challenging and complex cleaning requirements, Cordant Specialist Services ensures extremely safe standards of hygiene for its clients so they can best protect their staff, property and assets.

## Accreditations

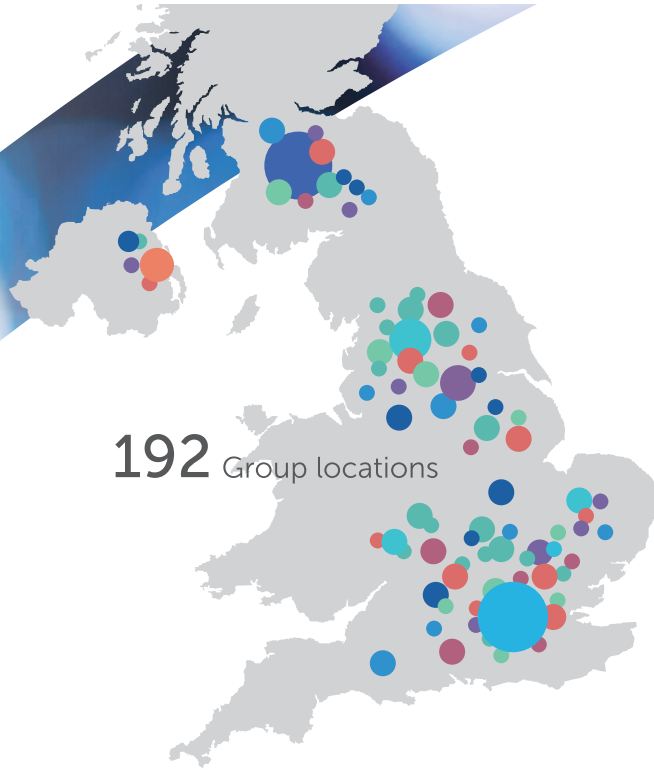

# Be Cordant

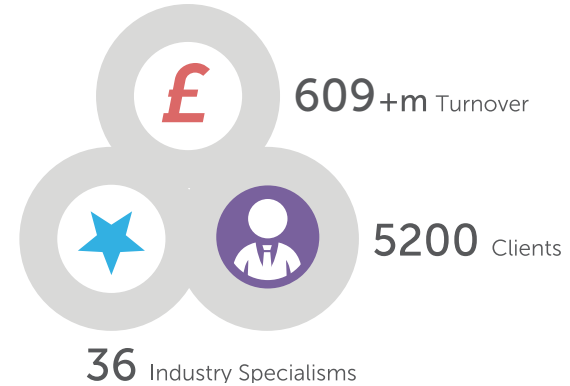

The Cordant Group >

**Cordant**  
Group

Cordant Services belongs to the Cordant Group; one of the UK's largest privately owned managed service solutions company, engaged in the provision of facility and recruitment services.

**Cordant**  
Group

**1957**

**Founded**

**8th**

**UK's 8th Largest  
Security Company**

**UK's 2nd Largest  
Recruiter**

The Cordant Group family business was founded in 1957. In the early years it was the security service which generated significant success together with integrated cleaning solutions and, as a consequence, allowed the company to acquire a number of businesses over a period of fifty years to expand its offering into integrated facility services as well as diversifying into recruitment services.

It was in 2005 that the Cordant Group propelled into the recruitment arena following the acquisition of Pro Vista Recruitment. Cordant took control of the company's success and embarked on a ten year journey of strategic acquisitions to become one of the leading players in the UK recruitment market, whilst at the same time remaining a privately owned family company.
